

ICEREG MEMBERSHIP SEARCH PAGE

The Membership Search Page is a permission protected search page that enables select individuals to search the IceReg database for membership validation purposes.

Who can access the Membership Search Page?

The search page is permission protected and access is granted exclusively by Speed Skating Canada (SSC). If an individual is eligible to receive access to the search page, a database user agreement must be signed before access can be granted. Questions? Contact Kaitlan Cook at kcook@speedskating.ca.

Note SSC will be rolling out the search page in phases and access will only be granted to select individuals at this time. Individuals with access should not share their IceReg credentials (i.e., email and password). Thank you for your understanding and collaboration.

How is the Membership Search Page accessed?

Individuals with access can login to their IceReg account and then [click here](#) to use the search page. Questions? Contact Kaitlan Cook at kcook@speedskating.ca.
