SPEED SKATING COACH POSITIONS

Centre d'entraînement Gaétan-Boucher

The CEGB offers athletes coaching, training in a world-class sports facility and specific services of excellence. It promotes a harmonious personal development towards high performance. Specifically, it offers programs in long track and short track speed skating and through a hybrid approach, a development based on the two disciplines, according to the aspirations and needs of each athlete.

The CEGB is consolidating its Academy for athlete-skaters who aspire to international and Olympic podiums (in short and long track) by recruiting and developing the right sport, personal and social frameworks.

The team operates under the wing of the *Corporation de gestion du Centre de glaces de Québec* and its activities take place at the new **Centre de Glaces Intact Assurance**, a new 26 000 sqm indoor sport complex that encompasses a ISU compliant Oval for long track and a short track rink among other top-level facilities such a training and physiotherapy dedicated rooms.

Athletes registered at the CEGB are skating alongside national team members, including World Champion and Olympic medalist Laurent Dubreuil and athletes identified as Next-Gen by Speed Skating Canada.

The Academy formed with talented athletes and competent coaches, a passionate community, proven programs, many opportunities to develop and strong support from the partners.

- Full-time positions 35 hours per week or part-time, starting as soon as this summer, flexible schedule.
- Workplace: Québec City, occasional travel required to support competitions.
- Salary according to human resources policy.
- NCCP, University education in the field and high-level coaching experience are assets.
- Telecoms provided.
- Group insurance plan.

Note, we do background and judicial record checks.

Coach (es)

From fall 2022, new athletes will join the CEGB Academy. We are looking for Coaches and Assistant Coaches.
