No maintenance cycle required	**Maintenance** 10 PD Points over 5 years	**Maintenance** 20 PD Points over 5 years	**Maintenance** 30 PD Points over 5 years	**Maintenance** 30 PD Points over 5 years

Training & Certifying in Multiple Levels

With the exception of CDAG and Comp-HP, training & certification may be achieved at any level without certification at previous coaching levels. However, program eligibility may require specific prerequisite training for entry.

Module Delivery

Some modules are delivered in a Multisport context, allowing credit to be shared across sports within NCCP.
Some modules are delivered in a Sport Specific context and are therefore only relevant for credit within Speed Skating.
Some modules, once credited, apply across multiple levels of certification.
